INVIGORATING CORDIAL, PURELY Vegetable in its composition.—This invaluable Cordial is extracted from Herbs and kerts, which have been found after years of experience, by the most skillful physicians, to be possessed of qualities the most beneficial in the liseases for which it is recommended; and hence, whilst it is presented to the public as an effica-cious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hæmorrhages. Disordered Steribity, Menstruction or Suppression of the Menses, Fluor Albus or Whites, or for

Debility arising from any canse, such as weakness from sickness, where the patient has been confined to bed for some time, for females after confinement, abortion or miscarriage, this cordial cannot be excelled in its sulutary effects; or in loss of muscular energy, irritability, physical prostration, seminal weakness, palpitation of the heart, indigestion, sluggishness, decay of the procreative functions, nervousness, &c., where a roste medicine is required, it will be found equal if not superior to any compound ever used.

To Females.—Henry's Invigorating Cordial is

one of the most invaluable medicines in the many complaints to which females are subject. It assists nature to brace the whole system, check ex cesses, and creates renewed health and happiness. Less suffering, disease, and unhappiness among ladies would exist, were they generally to adopt the use of this cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two to bloom

NOTICE TO U. S. MAIL CONTRACTORS AND THE PUBLIC.
AUDITOR'S OFFICE, POST OFFICE DEPARTMENT,

TT HAS BEEN LONG THE PRACTICE of this office to pay the drafts drawn and nego-States mails, for the amounts, respectively, of their quarterly pay. It was established to accommodate the contractors, and meet their necessities, in advance of the regular and slower process of pay-ing by the drafts or warrants of the department, and was intended only to apply to one draft per route from each contractor for the whole amount, (deducting fines, collections, &c.,) of his quarterly pay; but it has been, and is quite generally so misunderstood, as to be supposed to allow any number of drafts, and for any amount, not exceed-ing in the aggregate, the contract pay for the quarter. A privilege conceded for accommodation (for it was never anything more) has thus been made to embarrass materially the business of this office, forced upon it the settlement of the private accounts of contractors, and thrown upon the ex-

changes of the country, with a quasi sauction of

one for the quarter and the route (both to be specified) on which it is drawn; and the signature thereto should be attested by the postmaster at the place where it may be drawn, and one other witness; and each assignmen: thereof should be attested by two

PROSPECTUS OF THE NORTH CAROLINA STATESMAN.

THE undersigned propose, on the first day of January next, at Raleigh, North Carolina States man, a semi-weekly and weekly paper, devoted to politics, news, and miscellaneous subjects, and respectfully solicit for it a share of the patronage of the democratic party, their friends, and the orbits.

Invited by many leading persons of the State rights republican party to propagate and defend principles which we have always held, and regard as the only basis of prosperity in our form of gov-ernment, and inspired with a sincere desire to serve that party and advance its interests, we proserve that party and advance its interests, we propose to issue a paper at the seat of the State government. In the field of editorial enterprise, there is ample room for those who are now holding position, as well as for others, who choose to eater into fair competition. The propagation of the principles of our party is a duty at once important, and to us peculiarly agreeable. The attractions of the editorial profession and its honorable toils, together with a desire to extend its influence, has had much weight in the decision which we have made—a profession at once dignified and elevated, where the highest intellectual gifts may find full employment, and the purest patriotism make contribution to the public weal. We are persuaded that a journal, conducted with fairness and discretion—uninfluenced by selfishness and devoted to principle, may secure sufficient patronage, without interfering with the claims or rights of any now prosecuting the same great work.

Although mainly deveted to the discussion of such political questions, as they arise, which affect the welfare of North Carolina, whether relating to the federal or State governments, or such local interests as may be of importance, it is nevertheless intended to make the Statesman a medium of general intelligence. Accordingly, the state of the markets in the principal cities, to which our commerce goes, shall be fully and accurately reported; nor will the attention of the conductors be less addressed to the subject of internal improvements, as a means indispensable to the development of the mineral and agricultural resources of the State. These interests, of primary importance, shall al-These interests, of primary importance, shall a ways command their fullest attention. To thi

they propose to add carefully selected and original literary matter. Being strictly conservative, they propose to avail themselves of all the lights of exand will preve of service to you. It possesses rare virtues, is a general remover of disease, and vancement of the interests of North Carolina. The general objects of the prothus clearly indicated, it may not be amiss briefly to state the particular views which are to be sus-

Ist. Our purpose being to publish a paper purely democratic, according to the straightest requirements of that party, we shall advocate strict party organization. such like; it is not necessary, for "Henry's Invigorating Cordial" only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cordial" only needs a trial to prove that it will accomplish all we say.

The Genuine "Henry's Invigorating Cordial" only neighbors and is sembles, and which has been so successfully incompletely in the province of t troduced among the democracy of many of the ether States, by which the rank and file of the party are, in fact, those who indicate its decisions, and, being all brought into action, express their will imperatively; thus, by open and fair dealing, commanding respect and obedience; an organization of the people, and not of intriguers; restoring power to those whe, by sufferance, have tolerated ts temporary usurpation.

2d. The democratic parts

2d. The democratic party shall always find in us advocates of their right to select their standard bearers, and to command acquiescence in decisions made by conventions fairly elected in their primary meetings. Standing upon the good sld State rights platform of '95, we shall oppose government corporations created by Congress for the purpose of internal improvement, the regulation of finance, or any other measure inconsistent with the rights of the States.

3d. Believing that the platform adopted by the late Baltimore convention contains the democratic creed, they expect cordially to sustain the present administration, trusting that the policy adopted by those who compose it will be regulated by the cardinal doctrines of the American democracy. 4th. They will advocate all such measures of in ternal improvement as promise by judicious prose-cution to promote the interests of the people and diffuse the benefits of a system already enjoyed by

portions of the State.

5th. The disposition of the public lands being a question of the most absorbing interest, we believe it should be at once met and settled. The unjust and unequal legislation of Congress, in re-lation to those lands, and the large and frequent appropriations made to the new States, indicate a final departure from the old and wise policy of appropriating the proceeds of their sales to the pay-ment of the public debt, and the expenses of the government. It has for some time ceased to be changes of the country, with a guass sanction of this office, a species of paper currency unauthorized by the laws.

It not unfrequently occurs, too, that this office is exposed to great and imnecessary risk in determining upon the genuineness of the signatures to the assignments or endorsements of the various persons through whose hands these drafts are made to pass before their presentation.

It is therefore deemed proper to give this public notice to contractors, and all concerned, that from and after the 1st day of January, 1854, but one draft for the pay upon each route per quarter will be payed, or filed for payment, in this office. This draft should state upon its face, that it is the only off language of Mr. Dobbin, and say that "all of North Carolina's sons, both whigs and demoof North Carolina's sons, both whigs and demo-erats, should protest, and demand North Caro-lina's share of the public domain."

6th. Approving of the sentiments of the inaugural of the President, we shall oppose the acquisition of Cuba or any other foreign territory, unless such acquisition be in accordance with existing treaties, and entirely consistent with the national honor.

TERMs.—For the semi-weekly, \$4 per annum; and for the weekly, \$2; payment in advance.

Communications should be addressed to "The editor of the North Garolina Statesman, Raleigh, N. C."

DR. MORSE'S INVIGORATING CORDIAL,
Phenomenon in Medicine.—Health Re
stored and Life Lengthened, by Dr. Morse'
Invigorating Elixir or Cordial.

A Tirst the properties attributed to Professo Morse's Invigorating Elixir or Cordial were deemed fabulous. The public often deceived could not believe the simple and sublime truths an nounced by the discoverer. But facts, undeniable facts, attested by witnesses of the highest class and character, are now triumphing over all doubts. Incredulity is overthrown by a mass of testimony which is perfectly irresistible.

The Elixir remedies in all cases the deployable

evils arising from a misuse of the various organs which make up the wonderful machine called man. It restores to full vigor every delicate func-tion connected with that mysterious compound agency of matter and mind, necessary to the reagency of matter and mind, necessary to the re-production of human life. To persons of feeble muscular frame, or deficient in vital power, it is recommended as the only means of communicat-ing that energy which is necessary to the proper enjoyment of all the natural appetites, as well as the higher mental attributes. Its beneficial effects are not confined to either sex or to any age. The feeble girl, the siling wife, the listless, enervated youth, the over-worn man of business, the victim youth, the over-worn man of business, the victim of nervous depression, the individual suffering from general debility, or from the weakness of a single organ, will all find immediate and permanent relief from the use of this incomparable renovator. To those who have a predisposition to paralysis, it will prove a complete and unfailing safeguard against that terrible malady. There are many, perhaps, who have so trifled with their constitutions, that they think themselves beyond the reach of medicine. Let not even these despair. The Elixir deals with disease as it exists, without reference to causes, and will not only rewithout reference to causes, and will not only re-move the disorder itself, but REBUILD THE BROKEN CONSTITUTION

. The derangements of the system, leading to nervous diseases, and the forms of nervous dis ease itself, are so humerous that it would requir a column to enumerate the maladies for whic this preparation is a specific. A few, howeve may be enumerated, viz: neuralgia tic-doloureur headache, incipient paralysis, hysteria, palpitation of the heart, spinal affections, muscular debility tremors, flatulence, a pricking sensation in the flesh, numbness, torpidity of the liver, mental depression, weakness of the will, indisposition to move, faintness after exercise, broken sleep, an terrifying dreams, inability to remain in one place or position, weaking of the procreative organs sexual incompetency, melancholy, monomania fluor albus, sinking at the stomach, female irre gularities, a chronic tendency to miscarriage emaciation, and all complaints growing out of free indulgence of the passions, and all barrenness that does not proceed from organic causes beyon the reach of medicine.

Whenever the organs to be acted upon ar free from mulformation or strictural diseases, it is averred that
MORSE'S INVIGORATING ELIXIR

Will replace weakness with strength, incapacity with efficiency, irregularity with uniform and nat ural activity, and this not only without hazard of reaction, but with a happy effect on the general organization. Bear in mind that all maladies, organization. Bear in mind that all maindes, wherever they begin, finish with the nervous system, and that the paralyzation of the nervous of motion and sensation is physical death. Bear in mind, also, that, for every kind of nervous disease the Elixir Cordial is the only reliable preparation known.
CURE OF NERVOUS DISEASES.

No language can convey an adequate idea of the immediate and almost miraculous change, which it occasions in the diseased, debilitated, and shattered nervous system, whether broken down by excess, weak by nature, or impaired by sick-ness, the unstrung and relaxed organization is at once braced, revivined, and built up. The mental and physical symptoms of nervous disease varish together under its influence. Nor is the effect temporary; on the contrary, the relief is perma-nent, for the cordial properties of the medicine reach the constitution itself, and restore it to its normal condition. Well may the preparation

called the MEDICINAL WONDER Of the nineteenth century. It is, as the first scientific man in the world would have admitted, that miracle of medicine heretofore supposed to have no existence.

A STIMULANT THAT ENTAILS NO RE

ACTION.
Its force is never expanded, as is the case with opium, alcoholic preparations, and all other excitants. The effect of these is brief, and it may well be said of him who takes them: "the last state of that man is worse than the first." But the Elixir is an exhilarant without a single drawback—safe in its operation, perpetual in its happy influence upon the nerves, the mind, and the entire organization; tendency to blush, sleeplessness, dislike of soc

incapacity for study or business.

LOSS OF MEMORY, LOSS OF MEMORY.

Confusion, giddiness, rush of blood to the head, melancholy, mental debility, hysteria, wretchedness, thoughts of self-destruction, fear of insanity, hypochondriasis. dyspepsia, general prostration, irritability, nervousness, inability to sleep, diseases incident to females, decay of the propagating functions, hysteria, monomania, vague terrors, palpitation of the heart, impotency, constipation, &c., &c., from whatever cause arising it is, if there is any reliance to be placed on human testimony, absolutely infallible.

CAUTION. Dr. Morse's Invigorating Cordial has been coun-terfeited by some unprincipled persons. In future all the genuine Cordial will have the proprietors' fac-simile pasted over the cork of each bottle, and the following words blown in the glass: "Dr. Morse's Invigorating Cordial, "C. H. Ring, Proprietor, N. Y."

The Cordial is put up highly concentrated, in pint bottles.

JOB CORSON, Sep 21* GAZETTEER OF THE UNITED STATES WILL POSITIVELY BE PUBLISHED in December, LIPPINCOTT, GRAMBO & Co's new and complete Gazetteer of the United States. Edited by T. Baldwin and J. Thomas, M. D. With a new and superb map of the United States,

engraved on steel.

The publishers take pleasure in announcing the completion of this, the most elaborate, comprehensive, and perfect Gazetteer of the United States that has ever issued from the press. In its preparation no considerations of expense or labor have been allowed to interfere with a work designed to be as perfect as possible in every de-partment, and in all of its detail. Nor have the successive issues of other Gazetteers, hurried through the press to claim the market, tempted the publishers to offer their book before all the ample census (of 1850) and other material in the hands of the editors were fully digested and accu-

rately arranged.

When the Gazetteer was first announced 800 pages, or at the most 900, were designed as the limit of the book. But so vast was the amount of matter, accumulated through the personal labors of the editors and their assistants, as well as through the active efforts of several thousand correspondents in all parts of the United States, the work has swelled to near 1,30 pages. The amount of new matter which it contains, all of a recent character, is very large, and in many instances embracing statistics and populations to 1853. This gives it an intrinsic value over every other work of the kind in existence.

We therefore offer our Gazetteer confidently, as the only complete and thoroughly reliable Gazetteer of the United States yet published.

As above stated, the work is now ready, and will be published in December, 1853. Price to subscribes 23. subscribers, \$3 50; to non-subscribers, \$4.
